## GOV. JOHNSON IS WINNER IN STATE PRIMARY BY ODDS

Carries Every District in  
Minnesota Against Bryan  
For Instructions.

Massachusetts Finally In-  
dorses Bryan.

## GUARANTY OF BANKS' FUNDS

Minneapolis, Minn., May 7.—Early reports throughout the state indicate a sweeping victory for Johnson in the Democratic primaries. In Hennepin county, where one of the strongest campaigns has been waged, early indications are that Johnson has carried the county and the city of Minneapolis after a vigorous fight. The precincts of C. A. Quist and of Frank Larabee, chief Bryan leaders in Hennepin county, were carried for Johnson. It is impossible at this time to state Johnson's sweeping victory. Indications are that Bryan followers have not carried a single district in the state and that Johnson's victory is so complete as to make negative all opposition on the part of the Bryan followers in the state convention, which will indorse Johnson.

Ramsey county, in which two sets of primaries were held, shows a large percentage in favor of the Minnesota governor.

Bryan followers acknowledge their defeat, but say that the opposition shown demonstrates a strong feeling for Bryan, and they claim that Governor Johnson never could have carried the state had it not been for the fact that local state pride entered into the contest.

The Johnson followers are jubilant.

## Split on Bryan.

Boston, Mass., May 7.—The platform of the Democratic state convention calls for a government guarantee of funds deposited in banks. The resolutions committee split on pledging the delegates to Bryan.

After a strenuous fight the platform presented to the convention contained an unqualified indorsement of Bryan, and instructed the delegates to vote for him.

## Marshall County Primary.

Benton, Ky., May 7.—The Marshall county Democratic committee has called a primary for election day, November 3, 1908.

## LOCAL TOBACCO SALES

Another sale of 55 hogsheads of association tobacco was made at the Paducah salesroom by Salesman Venie this morning, making in all about 250 hogsheads that have been sold this week. The tobacco sold yesterday was at prices ranging from 7 to 12 cents.

## PRINCE GEORGE IS VIOLENTLY INSANE

Belgrade, May 7.—With one homicide and scores scarcely less startling outbursts to his credit, Crown Prince George, of Serbia, is beginning to be known as the "European Harry Thaw." King Peter's subjects demand his incarceration in a lunatic asylum. The king is unwilling to act, but the feeling against the prince is growing violent. The prince killed a soldier, because of the slowness of his salute. The prince tried to shoot a cigarette from the mouth of a citizen and missed the cigarette but shattered the smoker's jaw.

## WEATHER.

Clearing this afternoon followed by fair and slightly cooler tonight and fair Friday. Highest temperature yesterday, 68; lowest today, 50.

## Twenty-Two More Alleged Night Riders Are Taken to Marion Jail on Charge of Whipping Mr. Bennett

One of Them is Milton Oliver.  
Defendant in Hollowell Dam-  
age Suit in Federal Court—  
Thirty-Six Under Arrest.

Marion, Ky., May 7. (Special).—Sheriff Cash, of Lyon county, and Marshal McCollum, of Kuttawa, arrived here with 22 prisoners last night charged with complicity in burning Bennett Bros' factory at Dycusburg, and Cardin's barn at View in February. Those arrested are: Levy Olive, Milton Gray, James Merrick, Milton Oliver, Boon Bash, Marshall Gray, Charles Ballard, George Gilkey, Clarence Prince, Otto Gray, Thos. Bayrd, James Salyers, Harry Satterfield, Ollie Coleman, Henry Rogers, John Merrick, Bud Glass, Irwin Glass, Thomas Jones, Will Griggs and Silas Ramey. Bert Gray was brought in but the warrant against Bert Gray was dismissed. Soldiers are on guard but no outbreak is expected. There are now 36 under arrest.

Milton Oliver is a defendant in the Hollowell case.

## Taken to Eddyville.

Eddyville, Ky., May 7. (Special).—The sheriff of Lyon county arrived this morning with 13 men arrested at Marion and who gave bond there. They are wanted here on warrants charging complicity in the raid on Eddyville. Warrants for 30 others on a similar charge will be issued today.

## FARLEY PLACE WORK

## SUBJECT OF DEBATE

The disagreement about the concrete sidewalks on Farley Place seems to have arisen over a misunderstanding between Contractor G. W. Katterjohn and the inspector of the engineer's department as to how far the latter concurred in filling holes during the process of construction. Heavy rains have interfered and in spite of the tarpaulin covering dirt washed down and made holes in the concrete. Mr. Katterjohn said the inspector told him it would be all right to fill them in. The inspector said he qualified his consent by adding it would be all right if the work was acceptable when finished, on condition that Mr. Katterjohn would do it over if it was not acceptable. The primary fault found with the work was the discolorations where holes were filled in and the filling has not bleached. Mr. Katterjohn says the filling will assume the same color as the rest in due season.

## SHERIFF EXPECTS TO RECOVER TWENTY BODIES BURIED ON THE GUNNESS FARM

He Believes Murder Trust Operated in Chicago and Bodies Shipped Out—Attorney Believes Woman Did Killing.

LaPorte, Ind., May 7.—Six men's watches and one woman's watch were found in the ruins of the Guinness farm. A circular will be sent out containing the case numbers in the hope that the bodies may be identified. Coroner Mack declares the bodies which evidently were killed earlier, showed signs of fractured skulls. Those killed later have no such indications. They evidently were asphyxiated. Mrs. Guinness' letters to Andrew Helgaine were full of protestations of love. One reads: "Come to me, Your bride awaits. We shall be happy here as a king and queen in the most beautiful home in northern Indiana."

LaPorte, May 7.—Sheriff Smutzer and deputies are digging in the "soft places" where it is expected other bodies will be found as evidence against Mrs. Guinness. The sheriff believes more than 20 bodies will be uncovered. The evidence shows that the woman either was head or agent of a "murder trust" which operated in Chicago and shipped bodies to her for disposal.

State's Attorney Smith believes the woman made love to the victims and killed them when they were unsuspecting. She weighed 225 pounds and could easily have overpowered a man.

LaPorte, May 7.—The sheriff telegraphed New York authorities to watch for Mrs. Belle Guinness, at whose house of horrors more than a dozen bodies were found. She is believed to be en route to Norway.

Bessie Conklin, Roy Lamphere's

MORGAN OPTIMIST.  
Paris, May 7.—J. P. Morgan said: "The acute financial crisis in America has passed now and it is only a question of time until business is again prosperous."

## HOT FIRE ESCAPE ROASTS CHILD IN TENEMENT BLAZE

New York, May 7.—Four persons were killed and a score injured in a tenement fire early today. The fire evidently was incendiary. The iron fire escape beam so hot many were burned. A child three years old was roasted to death on a hot fire escape.

## THE SICK

Mr. T. L. Roeder, who accidentally shot himself last Monday afternoon, the bullet going through his chest, has not improved any since yesterday and he is still in a serious condition. Dr. Pendley this morning took a few small pieces of clothing out of the wound, that had been carried in with the bullet.

Judge W. D. Greer's condition remains unchanged at his home, 321 North Fifth street. He has not shown any improvement since Tuesday, and all hope for his recovery has been given up by his friends and family.

## FINEST PAGEANT EVER WITNESSED WELCOMES FLEET

San Francisco, May 7.—Patriotism ran riot here today. Admiral Evans is feeble and drove through the streets surrounded by 15,000 men, making the most magnificent pageant ever seen on the Pacific coast. Admiral Evans and Secretary Metcalf reviewed the parade, which was made up of the army and navy and citizens. General Funston headed the federal troops.

## SHERIFF EXPECTS TO RECOVER TWENTY BODIES BURIED ON THE GUNNESS FARM

sweetheart, is being held as a witness. It is reported she said Lamphere said he would get even with Mrs. Guinness and burn the place over her head. Because of the wet ground little progress was made today.

LaPorte, Ind., May 7.—Anton Olson identified the body found yesterday as his daughter, Jennie. The head of the body had been cut off and the trunk mutilated.

Roy Lamphere, held on the charge of first degree murder, growing out of the fire which destroyed the Guinness home and caused the death of Mrs. Guinness and her children, offered no new evidence despite repeated questioning. Ralph N. Smith, prosecuting attorney, asserted, however, that a confession is not necessary as far as Lamphere is concerned. "We have positive evidence in the shape of a letter connecting him with the murders of the Guinness farm," he said.

The exact nature of the letters is carefully guarded by Smith.

The increasingly divergent character of the gruesome mystery has aroused the entire community and the crowd was so great at the Guinness premises that the sheriff was

## DECLINES PASTORATE

The Rev. B. Smalley, of Louisville, has declined the pastorate of the Second Baptist church and the committee appointed to secure a pastor is corresponding with several ministers. It is probable that a minister from Mississippi will preach next Sunday. The Rev. Mr. Smalley is taking postgraduate work in the Southern Baptist seminary, and will not accept the pastorate of any church until his course has been completed. He regretted to decline the call.

## PADUCAH PEOPLE SUED BY REVENUE AGENT FOR TAXES

Aggregate Amount on Which  
Taxes Are Claimed Due For  
Five Years \$190,000.

Sums Range From \$10,000 to  
\$25,000 in Ten Cases.

## ALSO PRAYS USUAL PENALTY

Suit against ten prominent Paducah people to collect taxes for five years on alleged unlisted personal property, valued at amounts ranging from \$10,000 to \$30,000, were filed in county court today by Magistrate C. W. Emery, who continues to act as state revenue agent for McCracken county.

Those against whom the actions are brought and the amounts sued on are: H. A. Petter, \$15,000; Louis Kulp, Sr., \$20,000; George Ochelslaeger, \$10,000; Frank Riecke, \$15,000; Mrs. R. Loeb, \$25,000; Mrs. Will Levy, \$25,000; Ed L. Atkins, \$20,000; T. J. Atkins, \$20,000; J. Andy Bauer, \$25,000; J. L. Bethshares, \$15,000.

It is claimed the property, upon which taxes should be collected for the years 1903, 1904, 1905, 1906 and 1907, consists of money, notes and bonds. In addition to praying for the collection of state and county taxes for the years stated, the suit asks that twenty per cent penalty be added, which goes to the revenue agent bringing the suits, if decided that the defendants must pay.

## PETERS LEE ENTERS THE CINCINNATI TRADE, TOO.

Two boats have been put in the trade between Cincinnati and Memphis by the Lee line. Captain G. F. Phillips, local agent, received word yesterday that the Peters Lee will be here Monday en route to Memphis. The Lee line has kept two boats in the trade regularly with a good stage of water, but an overhauling has been given all of the company's boats, and it has been shy of floating stock. The Peters Lee is the regular packet in the trade.

## A Few More for Taft.

Washington, May 7.—Taft added Alabama and Connecticut to his string. Wyoming will instruct for Taft, with practical unanimity.

## MRS. FRIEDMAN'S FUNERAL

Mr. Joseph L. Friedman and Mr. and Mrs. John Keller will arrive this evening at 6:15 o'clock from New York with the body of Mrs. Friedman, who died there Monday. The body will be taken from the train to "The Pines," where the funeral will take place tomorrow afternoon at 2:30 o'clock.

Those who desire to attend the funeral will find carriages at their disposal at Seventh street and Broadway at 1:30 o'clock and those who cannot attend the body to the Jewish cemetery will take the same carriages from "The Pines" to their homes.

The active pallbearers for the funeral will be: Messrs. Sol Dreyfuss, George Wallace, W. F. Paxton, R. B. Phillips, A. S. Thompson and James Utterback. The honorary pallbearers will be: Messrs. Samuel Levi, Saunders Fowler, Muscoe Burnett, Q. Q. Quigley, James Campbell, Sr., Wallace Well, Jacob Wallerstein and David Flournoy.

## ELMENDORF GOES TO JAIL; OTHERS GO TO WICKLIFFE

Ernest Elmendorf, who was indicted by the grand jury of Ballard county for taking part in the robbery of the Ballard County bank at Bandana, surrendered to Chief Collins this morning and was taken to the county jail. Elmendorf drove to the city in a carriage and walked into Chief Collins' office. He was unable to make the bond this morning, but it is probable he will make the bond of \$1,500 finally.

John Bulger and Sam Everts were taken to Wickliffe this morning by Detective Will Baker and Patrolman James Brennan, and placed in the Ballard county jail.

It is said that Elmendorf has been in the city all this week. He was seen Tuesday night and several people say they saw him on the streets yesterday.

## Taft and Tariff Revision Win Out at State Republican Convention When it Reconvenes This Morning

Committee on Credentials  
Seats Over 700 Taft Dele-  
gates, a Majority of Three  
to One.

Louisville, Ky., May 7. (Special).—When the credentials committee of the Republican state convention had finished its labors, it was clear that Taft would have over 700 delegates, a majority of three to one. The convention, which adjourned last night to settle the contests, reconvened at 10 o'clock with Temporary Chairman W. D. Cochran, presiding. The temporary organization was made permanent and the committee on resolutions reported.

The resolutions were adopted. Besides indorsing Taft for the presidential nomination, they indorse the administration of President Roosevelt and Governor Wilson, approve the Panama canal work, and the proper regulation of public utilities, and demand a revision of the tariff. They also favor a sound financial policy.

An amendment offered by John D. White, expressing sympathy with the efforts to prevent intemperance, was adopted as part of the resolutions. Before the credentials committee report was adopted and the organization perfected, Senator-elect Bradley made a speech for the Fairbanks men, but saying he was willing to submit to the will of the convention.

## Work of Districts.

The Republican party in Kentucky has selected a new state central committee and chosen all district delegates to Chicago, and the permanent chairman will name additional members of the state committee. Every man on the state central committee but one, J. W. McCullough, of the Second district, is a supporter of Judge Taft. Both the state central committee and from the state-at-large will be Taft men.

## The New State Central Committee.

First District—J. C. Speight, Graves county.

Second District—J. W. McCullough, Owensboro.

Third District—J. Frank Taylor, Glasgow.

Fourth District—M. L. Heaverlin, Hartford.

Fifth District—Charles L. Scholl, Louisville.

Sixth District—R. P. Ernst, Covington.

Seventh District—C. O. Reynolds, Lexington.

Eighth District—L. W. Bethuram, Rockcastle county.

Ninth District—J. B. Bennett, Greenup.

Tenth District—R. H. Winn, Mt. Sterling.

Eleventh District—A. T. Siler, Williamsburg.

## Delegates to Chicago.

The national delegates to Chicago, all of whom, except from the Second district, are instructed for Taft, follow:

First District—Dr. Frank Boyd, Dr. C. H. Linn.

Second District—Delegates, A. H. Anderson and R. W. Hunter; elector, G. W. Newton, of McLean county.

Third District—Delegates, J. T. Doores, of Warren county, and H. Brister, of Logan county; elector, John A. Logan, of Edmonson county.

Fourth District—Delegates, John P. Haswell, of Breckinridge county, and Tom Jackson, of Marion county; elector, Taylor Proctor, of Grayson county.

Fifth District—Delegates, Morris E. Belknap and Andrew Cowan, of Louisville; elector, Alfred Selligman.

## Nominees for Congress.

First District—Jerry M. Porter, Clinton.

Second District—John C. Worsham, Henderson.

Third District—No nomination yet.

Fourth District—Dr. D. W. Gaddie, Larue.

Fifth District—R. C. Kinkadee, Louisville.

Sixth District—John R. Inglis, Trimble.

Seventh District—R. L. Bristow, Scott.

Eighth District—No nomination made yet.

Ninth District—J. B. Bennett, Greenup.

Tenth District—John W. Langley, Prestonsburg.

Eleventh District—D. C. Edwards, London.

## CITY HALL FOR JACKSON.

Proposition to Be Decided By Vote June 2.

Jackson, Tenn., May 7.—The city council decided to submit the question to the people of Jackson, June 2, to vote \$25,000 in bonds for a new city hall.

The proposition requires a two-thirds vote, but there is hardly any doubt of its carrying.

## MINERS RATIFY NEW CONTRACT

Announced Referendum Vote of Locals Shows 77,000 to 7,000.

Indianapolis, May 7.—It was announced from the headquarters of the United Mine Workers of America that the two years' wage contract entered into at Toledo last month by miners and operators of western Pennsylvania, Ohio and Indiana had been ratified by a referendum vote of the locals by 77,000 to 7,000.

## Pure Food Commission.

S. H. Winstead went to Louisville to attend the meeting of the pure food and drug commission. The meeting will be held tonight at The Seelbach.

## STORM SINKS 25 LAUNCHES.

Most Terrible Gale in Years Sweeps Peoria, Ill.

Peoria, Ill., May 7.—Twenty-five fine power boats were sunk in the Illinois river early this morning during the storm which raged in this vicinity for several hours, and which was declared by rivermen to be the worst during the present generation. The loss is estimated at \$40,000.

## HOUSEMAN MUST SERVE

Frankfort, Ky., May 7. (Special).—The appellate court affirmed the five year sentence William Houseman, of Graves county received for the killing of Elem Poplin.

## SAYS FINE EXCESSIVE

Chicago, May 7.—Arguments in the Standard Oil appeal from Judge Landis' decision in the \$29,000,000 fine was argued in the federal appellate court today. Attorney Muller argued that the fine is excessive.

## METHODISTS FOR DIVORCE LAW OF UNIFORM NATURE

Baltimore, May 7.—The general conference of the Methodist church in an address, advised the enactment of uniform divorce laws with adultery as the only cause. It is asserted the present laws not only permit but encourage polygamy.

## BULLET RANGED DOWN WHEN GIRL WAS SHOT

Newspapers from Elizabethtown, Ill., state that an autopsy was held on the body of Alice Graham, who committed suicide here at the home of her half-sister, Mrs. H. T. Hessig, 603 South Eighth street, and that the autopsy revealed the fact that the bullet ranged downward through the girl's chest, on which fact is based the theory that she could not have held a weapon above her chest pointing downward and shot herself. Local officers, however, suggest that she might have leaned forward at a considerable angle looking in the mirror while she fired the shot. Attorney Taylor, representing the family, is here from Elizabethtown, but nothing has been done here and no witnesses were summoned from here to Elizabethtown to attend any inquest.

## MAYFIELD FIRE CHIEF CRUSHED BY FALLING WALL

Stubborn Blaze Destroys Grocery Store of Chas. Jones in South Mayfield.

Brave Chief is Directing Men at the Time.

## BUILDING IS PARTLY INSURED.

Mayfield, Ky., May 7. (Special).—In one of the most stubborn fires in the history of Mayfield, which destroyed the grocery store of Charles Jones on the south side, early this morning, Fire Chief John Baldree was injured by a falling wall. He probably will recover. The fire loss is \$6,000, with \$4,300 insurance.

It is not known how the fire started. It was discovered about 12:30 o'clock but the building was doomed before the fire department could arrive. The firemen fought valiantly and the chief led his men until a brick wall fell on him, crushing him to the earth.

## HEAVY LOSS IN LIBERAL VOTE.

Seat of Wolverhampton Retained but by Greatly Reduced Majority.

London, May 7.—The declining popularity of the present government was again revealed as the result of the bye-election in Wolverhampton today to replace Sir Henry Fowler, who as Viscount Wolverhampton, has taken his seat in the house of lords. The Liberals retained the seat in the commons, but by a bare majority of 8, as against a majority of 2,865 in 1906.

This result is looked upon as indicative of grave doubt that Winston Spencer Churchill, president of the board of trade, will secure his seat at Dundee, whether he has gone to contest the vacancy caused by the elevation to the peerage of Edmund Robertson.

## P. & N. FRANCHISE

It is tipped as certain that the Paducah & Northern franchise ordinance will be signed by Mayor James P. Smith, as soon as the ordinance copy is returned by the enrollment committee of the general council, which is checking over the provisions. City Solicitor Campbell has been instructed to prepare a contract, which President George Wallace, of the Paducah & Northern, will sign, agreeing not to lay more than one track on North Second street.

## BLOW AT AMERICANS IS SEEN.

Bill Cutting Salaries Taken Up in the Philippine Assembly.

Manila, May 7.—The assembly has begun the consideration of the appropriation committee's financial measures. The salary reductions are more sweeping than anticipated. The salary of the governor general is reduced 10,000 pesos and practically every official is reduced in sums varying from 20 to 45 per cent.

The forestry bureau is merged with the lands department and the civil service has been merged with the auditing bureau. The American officials are most seriously affected, and it is believed the commission will reject the majority of the proposals. The American officials and merchants are disturbed over the proposals, which many assert are clearly racial and designed to make it impossible for Americans to fill positions in the civil service.

They pronounce the movement a political play on the prejudices of the Filipinos and fear is expressed that whatever the outcome may be it will prove difficult in the future to secure recruits in America for this branch of the civil service.

## ROBBERS MURDER MESSENGER AND ROB EXPRESS CAR

Denver, May 7.—Express Messenger Charles Wright, of the Rio Grande road, was murdered and the car was looted by robbers, whom it is thought, secured about \$100. The body was found when the train reached here. The robbers entered the car at Castle Rock, fifty miles west of here, and shot and killed Wright. They left at Littleton, ten miles from this city.

## Be Sure

Hard colds, hard coughs, severe bronchitis, weak throats, weak lungs. We wish you would ask your doctor if he knows of anything better for these troubles than Ayer's Cherry Pectoral. We believe it is the best medicine you could possibly take. But ask your doctor, and thus be sure to make no mistake. J. C. Ayer & Co., Lowell, Mass.

### Prefer Hotels to Homes.

Hotel life seems to have its attractiveness for the wealthy families of New York. Because of the shortness of the season, many society folk have not opened their city homes during the winter months. These families are to be found scattered through the large, semi-private hotels, which have multiplied within the last couple of years, and which have been designed with a view to attracting the millionaire class of tenants. Hotel life, society women have begun to find, affords an easy evasion of much entertaining. The average hostess nowadays seeks to avoid extra bother, and

it is less of a tax on her time and patience to hold large receptions in one of the half-dozen hotels favored by society or in the Colonial Club. By keeping her town house closed this winter a well-known society woman remarked she had saved \$75,000 in four months. Besides this she has not had to worry over the servant question and other matters so vexatious to women who entertain. —New York Correspondence of the Pittsburg Dispatch.

## NEW REGULATION OF CHILD LABOR

### Senate Passes Restriction Bill For District.

All Under Fourteen Shall Not Be Em-  
ployed Before 6 a. m. or After 7  
p. m. or During School Hours.

### ENDS THE BROWNSVILLE TALK.

Washington, May 7.—The senate  
passed a bill prohibiting the employ-  
ment within certain hours of children  
under 14 years of age in the District  
of Columbia. No such child is per-  
mitted to work at any employment  
for wages during school hours nor be-  
fore 6 a. m. nor after 7 p. m.

The senate also adopted a resolu-  
tion offered by Foraker directing the  
interstate commerce commission to  
inform the senate whether the com-  
modity clause of the interstate com-  
merce act has been complied with  
since May 1, 1908, and if not whether  
non-compliance by railroads has  
been due to any agreement arrange-  
ment or understanding between the  
railroads and the authorities.

An amendment by Culberson,  
agreed to, also called on the commis-  
sion to state its reasons for recom-  
mending an extension of two years in  
the time given the railroads to comply  
with the commodity clause.

The conference report of the army  
appropriation bill carrying \$95,377,  
246 was adopted. This was \$3,463,  
000 less than the bill carried when  
first passed by the senate.

Warner, of Missouri, concluded his  
speech on the Brownsville affair, his  
closing remarks calling forth a  
statement from Foraker that a west-  
ern paper had announced that the  
president recently wrote Senator  
Smith, of Michigan, to the effect that  
he had not changed his mind as to  
the guilt of the negro soldiers of the  
Twenty-fifth regiment. Foraker sug-  
gested that an introduction of that  
letter in the record would be interest-  
ing, but Smith said he had not made  
it public and could not do so.

### HATS OFF.

Facts About the American Indian's  
Healthy Hair.

The American Indian accustomed  
from time immemorial to go bare-  
headed in all kinds of weather is never  
troubled with falling hair or baldness.  
The close atmosphere caused by our  
"civilized" head-gear is conducive to  
the breeding of infinitesimal germs  
which dig into the scalp and thrive on  
the sap of the hair-root.

This true cause of baldness is of  
recent discovery and explains the non-  
success of all hair-growing treatments  
based on a functional disorder.  
Newbro's Herpicide is a direct ex-  
terminator of the germ. It destroys  
the cause and permits the hair to  
grow as nature intended.

Sold by leading druggists. Two  
sizes, 50c and \$1.00. Send 10c. in  
stamps for sample to The Herpicide

### Small, But Costly Error.

Through a very simple mistake a  
business man of this city was forced  
to spend a good wad of his tightly  
held cash the other night. He was  
scheduled to take his wife to the  
theater. Business took him to New  
York in the daytime, so he told his  
wife, as he was leaving the house,  
that he would try to get tickets and  
would let her know before getting on  
the train. After securing the tickets  
he forgot all about informing his  
wife, and when he arrived in New  
York he suddenly remembered and  
sent this telegram: "Have gotten  
tickets. Meet me at Broad Street Sta-  
tion." When he came back to town  
he was met by his wife and eight  
other relatives and friends, all ready  
for the theater. "We're all here wait-  
ing for you," cried his wife; "it's so  
good of you to invite so many."  
"Why, what do you mean?" asked  
the amazed husband. "Here's your  
telegram," answered the wife, and  
there it was as large as life, just as  
the telegrapher had made: "Have  
got ten tickets."—Philadelphia Rec-

## PURELY VEGETABLE GREATEST OF ALL TONICS

Very few persons are able to pass the Spring season with any  
degree of physical comfort, without the aid of a tonic. Our systems  
change with the changing seasons, and more is required of the blood,  
from which source our bodies receive their nourishment and strength,  
at this particular season than at others.

During the cold Winter months we do not exercise as freely as in  
warmer weather, the skin is not as active in removing the waste and  
refuse matter, and the other avenues of drainage are dull and sluggish  
in their work. Thus the impurities which should pass off are left in  
the system, and are absorbed into the blood.

When Spring comes and all nature takes on new life, we change  
our mode of living, and greater demands are made on the blood for  
nourishment and strength to enable us to meet the changed conditions.  
But the Winter accumulations have polluted the blood and destroyed its  
nutritive qualities to such an extent that it is not able to supply the  
increased needs of the system, and we suffer in consequence.

Our physical machinery seems  
to get "out of gear," and suffers  
from debility, weakness, nervous-  
ness, loss of appetite, etc. Sleep  
is not refreshing, there is a con-  
stant worn-out feeling, and we do  
not feel equal to performing the  
ordinary duties of daily life.

When the system is in this dis-  
ordered condition it must have  
assistance; it must be aided with a  
tonic, and it should be a medicine  
which has the additional qualities  
of a first-class blood purifier, for to  
restore health the blood must be  
cleansed of all impurities.

S. S. S. is the best Spring  
tonic, and it is recognized as the  
oldest and best blood purifier. It  
made entirely of roots and herbs of the forests and fields, and as it does  
not contain the slightest trace of mineral in any form, is especially  
adapted for a systemic remedy, and has the additional value of being  
absolutely safe for young or old. S. S. S. re-establishes the healthy  
circulation of the blood, rids the body of that run-down, worn-out feel-  
ing, improves the appetite and digestion, and brings about a return of  
health and strength to those whose systems have been weakened and  
depleted. S. S. S. acts more promptly and satisfactorily than any  
other medicine, and those who are beginning to feel the need of a tonic  
to fortify themselves against the unpleasant conditions which come with  
Spring, should commence its use at once. Not only will it tone up  
the system, but it will remove any humor from the blood, and prevent  
an outbreak of Eczema, Acne, Tetter, Poison Oak, Poison Ivy, or  
other skin disease or eruption, which is so common at this season.  
S. S. S. is for sale at all drug stores.

## M'CRACKEN ROADS

ARE BEING INSPECTED BY  
JUDGE A. J. G. WELLS.

Callaway Officials in Paducah Today  
to Learn What They Can From  
This County.

County Judge Wells and J. H. Clark, his road supervisor, of Callaway county, are in Paducah today to confer with Judge Lightfoot and Road Supervisor Bert Johnson, of McCracken county, regarding the plans and methods used in building the splendid gravel roads in the county. The officials spent yesterday afternoon in Supervisor Johnson's office and met Theodore Luttrell and other road supervisors, who gave them all the information they wanted. Today Mr. Johnson accompanied the visitors out to inspect the roads and bridges he has constructed.

Although Judge Wells has made an almost national reputation in his fearless prosecutions of night riders during the last two months, he is now taking up the peaceful duties of his office and giving them as much attention and thought.

The judge takes the praise that is heaped upon him modestly and says that a great deal of the credit is due to the other officials who supported him, and especially those he applauds the work of Deputy Sheriff John Holland. He does not doubt that convictions will result in the Calloway cases and believes juries can be secured in Calloway that will do their duty. If not, it is believed he will recommend that the cases be transferred to this county which may be done on motion of the prosecution, when it is apparent that public sentiment in the county, where the crime was committed is such that a fair trial cannot be secured.

## SCHOOL NOTES

Edward Mitchell was elected unanimously spade bearer for B senior class. He will receive the spade from the present bearer, Edwin Randle, on class night, and in turn will present it to the '09 class next February. This is the first time that a senior has had the honor of receiving the spade, but it will continue this way on account of a division of the senior class. Mr. Mitchell is quite an orator and represented the High school in the oratorical contest at Hopkinsville.

Horace K. Turner art exhibit were mailed this morning by Superintendent J. A. Carnegie, but it is doubtful if the pictures will arrive in time to be placed in the school buildings this season. From the exhibit \$231 was cleared and 31 pictures will be purchased. These will be distributed among the different buildings according to the number of pupils. In addition to the order for the school there are two private orders. Misses Kate White and Emma Acker by entertainment secured \$98, which will be used to purchase five copies of old paintings. With the assistance of Mrs. Henry Overby, the pupils of Professor Ross, the principal of the Jefferson building, have ordered a picture entitled "Jefferson Writing the Declaration of Independence." The picture will be presented to Professor Ross.

**Commercial Course.**  
Since it is evident that the school board will establish a commercial course next year, Superintendent Carnegie and Professor Sugg have worried where to put the typewriters. All of the space on the third floor is at a premium. However, the solution has come, and while looking around yesterday afternoon Professor Carnegie decided to place the typewriters under the stairway leading to the third floor on the south side of the building. There is a space 11 feet square, and there is plenty of light. A glass partition will be erected at a nominal cost, and will make an excellent place for the typewriters. At present the space is not in use, and it is separated from the other class rooms so that the noise from the machines will not interfere with recitations.

**Class Rivalry.**  
If any one doubts there is class rivalry at the High school, his fears may be dispelled, for the juniors and seniors came near "mixing" this morning. Yesterday the junior class received its silk pennant, and it was placed on the wall in the auditorium above the stage. The pennant is crimson, with a white '09. It was exhibited proudly yesterday, but when the juniors entered the study hall this morning their hearts fell, for some senior had seen the funny side, and had pasted a piece of white paper on the pennant so it read "08." Both forces of the junior class were called together, and armed with ladders they climbed up and removed the paper.

Half an ounce of pure gold was found in the body of a turkey killed on a farm on the Tennessee river.

CHINESE GROWTH  
IN MODERN WAYS

Outlined in Speech of Bishop  
Bashford

Aristocracy of Learning Instead of  
Birth or Wealth in  
Empire.

LIBERAL ELEMENT SUPREME.

New York, May 7.—Wu Ting Fang, minister from China, was the chief guest at a dinner last night at which the Lotus club entertained several very prominent men. Among them were Gen. Frederick Dent Grant, of the United States army, and President G. Schumann, of Cornell University. Another speaker was Bishop Bashford, who spoke in part as follows:

Bishop J. W. Bashford, of the Methodist Missions in China, spoke as follows:  
The first proof of the new intellectual life of China is found in the revolution in education. There is only one aristocracy in China and that is not an aristocracy of wealth or of birth, but of education. Under Chinese customs, usually only persons can be appointed to office who hold a degree won in the great examinations which the Chinese government conducts to test the educational qualifications of her subjects. With very few exceptions all young men can offer themselves for these examinations, and those who succeed in winning the degrees become the intellectual and official aristocracy of the nation.

In 1903 the dowager empress issued a decree declaring that at the close of ten years, no person would be put upon the list of eligibles for office whose degree did not specify that he had mastered the western learning. Many persons regarded this decree by the dowager empress as spectacular, inasmuch as on its face it was not to go into effect for ten years, and few people believed that it would ever go into effect. But in 1905 a supplementary decree was issued, putting the reform into immediate effect. These two decrees do not prescribe that every future official must have the western learning, for there are not sufficient men trained in the new learning to furnish officials, hence, all who now hold degrees received under the old regime are eligible to appointment. But all future degrees must certify to the holder's efficiency in the western learning, in order to make him eligible to official appointment.

This reform, which is now in full progress, revolutionizes the intellectual training which has prevailed among four hundred million people for twenty-five hundred years. It promises to become the greatest single change which has taken place in the intellectual history of the country.

**Political Progress.**

Turning to political progress, Tientsin, the metropolis of north China, with a population of a million and a quarter, on July 5, 1907, held the first municipal election ever known in the history of the Chinese empire. Yuan Shih Kai, the man of power in China today, holds that the Chinese from their centuries of village government and of guild government are far more ready for republican institutions and indeed, are far more democratic in spirit than the western world dreams. Hence, he is urging the Chinese government to adopt a constitution. In order to prove that constitutional government is practicable, he has established municipal government in the northern metropolis of the empire. Note the requirements for voting in the first city of China ever holding a municipal election: Each voter must be a male citizen twenty-five years of age, born in Tientsin, or he must have lived in Tientsin for five years and pay taxes on two thousand taels; all voters must be able to read and write. These four classes are debarred the franchise: All who have ever failed in business; all who are now engaged in any disreputable business like selling opium, etc.; all who are opium smokers; Buddhists and Taoist priests.

**High Standards.**  
Passing through Tientsin last fall I saw a lecture hall in which perhaps a thousand listeners could stand, and was told that a half dozen such halls had just been opened in the city in which illustrated lectures on western geography, western science, western invention, etc., are delivered two or three times a week to audiences which fill the halls to overflowing. If Tientsin persists in demanding this high standard of morality and intelligence in her voters, possibly fifty years hence American citizens will be sending delegations to China to learn the secrets of municipal government.

## United for Progress.

I was present in Pekin that momentous Sunday in September, 1905, when the commissioners who were going to the United States and Europe to study our institutions were to leave Pekin. On my way home from a preaching service I heard the explosion which wrecked the train and wounded his excellency, Wu Ting Fang. I had the honor of calling upon him a day or two later and discussing with him the probable cause of this attempt to assassinate the commissioners. We both agreed that it was due to the opposition of the conservatives to the commissioners visiting Europe and America, and possibly carrying back to China recommendations for reform. This shows that at that time there was a party of intense conservatives in Pekin.

Last fall when I was in Pekin, I had the honor of calling upon our American minister to China, Honorable W. W. Rockhill. I remarked that from such reports of the two hundred newspapers published in China as I received from some Chinese students who were furnishing a few of us the summary of Chinese newspapers, there seemed then to be no defense

"There is no conservative party today among the officials in Pekin."

## REVIVAL TENT NEEDED

TO CONTAIN CROWD.  
Elevated conversions have resulted at the revival being conducted at the Tennessee Street Methodist church by the Rev. T. J. Owen, the pastor, being assisted by Evangelist Dees. The meetings will continue throughout the week and possibly longer. Arrangements are being made for a large tent to be erected near the church, the church being too small to accommodate the crowds that are attending the services.

**Woodmen of the World.**  
Jersey camp, No. 10, Paducah, Ky., will have their annual decoration and memorial services at Oak Grove cemetery Sunday, May 17, 1908, at 2:30 p. m. Will leave Jersey camp hall, Third and Elizabeth streets, at 1:20 p. m. Evergreen and Manchester Groves, Woodmen Circle, will take part in the services. All other members of the Woodmen of the World and Woodmen Circle are requested to attend and assist in the services.

## The Unwritten Law.

The High school boys will have their mock trial next Friday night at the High school auditorium. Will Rock will be tried for the murder of Edwin Drew. Edwin Mitchell and Edward Cave, two of the High school students, will defend him; and Frank Luftenberg and Edwin Randle will represent the commonwealth. The plea for Rock's defense will be the "unwritten" law. A large audience will be in attendance to hear the young attorneys.

## Tailoring

EVERY woman knows that the hardest thing to find in ready-to-wear is satisfactory tailoring. Garments that fit, are finished properly, with individuality of style. This is the one strong point of our ready-made garments; the other is their superior quality—priced at all times exceptionally low. We direct your attention to the following:

Silk Demi  
Costumes  
\$25.00 to \$35.00

Right now, at this season of the year a Silk Shirtwaist Suit is mostly appreciated. They are just the thing for street or semi-occasion wear, and at the prices which we are offering you could hardly pay for the making; showing in all colors, Chiffon, Taffeta or Rajah Silk, plain tailored or fancy trimmed suits of absolute perfect fit. If you ever wear one of our suits you will never bother with the making. An extremely handsome design which we are showing is in tan, brown, blue and lavender chiffon taffeta, trimmed with narrow velvet and lace—with lace yoke—net lined sleeves and sheering three-quarter length  
at ..... \$29.50

Voile Skirts  
\$10.00 to \$20.00

We have just received some new designs in Voile Skirts, black and brown. These are made of the Altman Voile, trimmed in silk banks or plain, and we say to you they are the best values you ever had offered to you at these prices. Our lines defy competition, priced \$10.00.

Wash Skirts  
\$1.50 to \$7.50

Our showing of Wash Skirts embraces a most comprehensive display of plain tailored or trimmed effects, in fancy bands, buttons, inverted box plaits, etc. These in white or colored. We call your especial attention to one design in plain tailored effect—13 gore or 21 gore all linen white skirt at ..... \$4.00

Parasols  
\$1.00 to \$15.00

We are justly desirous of having you see our line of Parasols for spring and summer, including as it does a most superb collection of these necessities. All colors, fancy polka dots, embroidered, changeable silks, broad satin, pongees and plain lines. Prices to suit all purses and styles to meet every demand. An especial attractive value in these is a pongee plaid design in fancy border at ..... \$2.50  
Children's Parasols: ..... 25c to \$1.75

Daily Thought.

"A sunny, cheerful heart changes a world of gloom into a paradise of beauty."

Sully, the erstwhile cotton king, was cleaned good in his soap deal.

Filipinos have raised the race issue on us in the Philippine congress, and the white man is howling discrimination. They have cut the governor general's salary 10,000 pesos, and reduced the salaries of other officials, where they have not merged offices.

England must be the paradise of politicians. Winston Spencer Churchill, defeated for parliament at home, has gone to Dundee to contest for a seat vacated there. Such conduct would be considered brazen here, where a politician gets his quietus by popular vote; but in England the motto is "Git thar!"

COMPARE THE PAPERS.

In the morning News-Democrat may be found the same news twelve hours earlier than that appears in the afternoon paper—impudently declares the News-Democrat this morning.

We have become accustomed to reading that paper's declarations that it stands for morality and civic righteousness, and seeing it at the same time defend the immoral side of every public issue; and we have no space in which to criticize its rather tiresome daily advertisements of what it intends to do but never does in the way of improving its news service. If it can fool anybody that is all right; but such is not The Sun's policy. The Sun expects to be judged by results, and to sell papers, because it contains the most accurate and freshest news; not simply because it says it does.

The News-Democrat may go on boasting, and The Sun will go on publishing the news THE DAY IT HAPPENS—not the next day. Both papers are before many of the people of Paducah. The News-Democrat has made the assertion that in it "may be found the same news twelve hours earlier than that appears in the afternoon paper."

Please compare The Sun of Wednesday evening with the News-Democrat of Thursday morning. The second column of the News-Democrat's front page this morning has as its leading article the statement that The Sun told a lie Wednesday evening—a bit of bad newspaper manners, a falsehood and a feature the News-Democrat has "played up" every day since it went into the morning field. The third column contains the story of the murder farm at La Porte, Indiana, about which The Sun had two columns Wednesday evening, nearly twice as much as the News-Democrat has this morning. The feature of the fourth column is the Republican state convention, without the details which The Sun published yesterday, and with the added bit of information that at "the preliminary convention" Jerry Porter was nominated for congress—something that was done at Paducah March 11. Obviously, the News-Democrat's Louisville special was written in Paducah. It would have done better to have stated that

tion as affording a comparison between morning and evening newspapers, because The Sun today contains the actual result of the convention. Observe also the sixth column of the News-Democrat's front page, where the result of the Ohio Democratic state convention is set forth. The Sun had it last evening.

The fifth column of the News-Democrat's front page is devoted to a "smoke up" about arrests for the Crittenden county night rider outrages. Last night there were 36 men in the Marion jail, and 22 of them were arrested and taken into Princeton about 5 o'clock last evening.

The comparison shows that the evening paper publishes the news THE DAY IT HAPPENS, and the only conclusion to be drawn in the local situation is that the News-Democrat now publishes the news only 12 hours after The Sun, instead of 24. This probably accounts for the News-Democrat's assertion that it prints the news 12 hours ahead of The Sun. Its publishers realize that somehow it has gained a half day on itself; and they assumed that it also gained on its competitors. But readers can see that it still lags 12 hours behind.

THE CORNER TURNED.

George J. Gould thinks the financial situation has turned the corner. He sees constant improvements. The Pennsylvania and the Interborough Transit systems have borrowed money, and that is "a good sign." However, the big financiers whose operations are based to a great extent on anticipations, will feel the improvement before the fellow who labors with his two fists, just as they caught the first shock of the reverse. Unfavorable railroad earnings until June are predicted by Mr. Gould, and that means economy of expenditure and reduced forces for another two months. When it is all over, and it will be all over soon, we shall look back and wonder at the nerve displayed by the public, which prevented a panic.

In spite of the fact that factories have shut down in many places, and unsteady commercial enterprises have collapsed under the strain and some luxuries have been cut off, the people have denied themselves few comforts and conveniences, except where actual poverty has dictated. In fact, the severe stress has been felt most where, what are termed ordinary comforts and conveniences, has never been enjoyed.

The result is that the reduction in production, attendant on slack orders has been out of all proportion to the reduction in consumption, and shortly there will be an unsatisfied demand in many lines, and factories will resume operations with full forces at the usual wages, and if it pleases Providence and meets with the approval of the powers, which control congressional action, we may have a currency measure that will enable local banks to take care of the annual financial phenomena, produced by heavy demands for moving crops at certain times of the year; and some sort of specific for the dropping condition of certain kinds of industrial stocks may be invented in the white house laboratory and compounded at the capitol, which will obviate all possibility of a repetition of such spasms of the national nervous system, as constituted the premonitory symptoms of this present spell.

NO NIGHT RIDER

WHEN COMMONWEALTH'S ATTORNEY LOVETT APPEARED.

Marshall County Man Had Nothing to Say On Subject in Official's Presence.

An interesting exposition and endorsement of night riding that was being given in the waiting room of the Union station this morning by a farmer, who said he was from Calvert City in Marshall county, was cut short by the appearance of Commonwealth's Attorney John G. Lovett in the room. Although the man said a few minutes previous to Lovett's appearance that he did not know Mr. Lovett, he stopped talking immediately when the official stepped in the door, and although urged to go on by bystanders, had nothing more to say.

The fellow expressed himself as believing that a farmer, who would sell his tobacco to an independent buyer, ought to be whipped.

"Do you think the night riders, who have been arrested will be convicted?" asked a bystander.

"No; the trials will all result in hung juries," said the farmer. "Of course, no night riders will be on the juries, and if they should be summoned they will not remember that they knew anything about the case until after the trial is over. You see when a man gets the right idea into his head he will not do anything against the night riders."

The man didn't believe any of the accused night riders in west Kentucky would be convicted.

Shoots Love of His Ear.

Herbert Whitney, a young steamboat man, and Boss Sergeant, of 222 Washington street, had a fight last night in a saloon at First street and Broadway. Sergeant was attending bar when it is said that Whitney threw a bottle that struck Sergeant's face and cut a gash under his right eye. Before friends could interfere the Sergeant had grabbed a photo and

"This is the little devil," he said, indicating his delicate burden. "Fulminate of mercury. This is the stuff that'll remove your head with neatness and dispatch. It's the quickest tempered little article in the business. Just give it one hard look and it's off."

"Here," said Trendon, "I resign. From now on I'm a spectator."

Barnett swung the fulminate in his handkerchief and gave it to a sailor to hold. The man dangled it like a newborn infant. Back to his rock went Barnett. Producing some cord he let down an end.

"Tie the handkerchief on and get out of the way," he directed.

With painful slowness the man carried out the first part of the order. The latter half he obeyed with sprightly alacrity. Very slowly, very delicately, the expert drew in his dangerous burden. Once a current of air puffed it against the face of the rock, and the operator's head was hastily withdrawn. Nothing happened. Another

United States cruiser, Wolverine," said the commander. "This is Mr. Barnett, Mr. Darrow. Dr. Trendon, Mr. Darrow."

They shook hands all around.

"Like some silly afternoon tea," Trendon said later in retelling it to the mess. A pause followed.

"Won't you step in, gentlemen?" said Darrow. "May I offer you the makings of a cigarette?"

"Wouldn't you be robbing yourself?" inquired the captain, with a twinkle.

"Oh, you found the diary, then?" said Darrow easily. "Rather silly of me to complain so. But really in conditions like these tobacco becomes a serious problem."

"So one might imagine," said Trendon grimly. He looked closely at Darrow. The man's eyes were light and dancing. From the nostrils two livid lines ran diagonally. Such lines one might make with a hard pencil pressed strongly into the flesh. The surgeon moved a little nearer.

"Can you give me any news of my friend Thraxides?" asked Darrow lightly. "Or the esteemed Pitz? Or the scholarly and urbane Robinson of Ethiopian extraction?"

"Dead," said the captain.

"Ah, a pity!" said the other. He put his hand to his forehead. "I had thought it probable." His face twitched. "Dead? Very good. In fact—really—er—amusing?"

He began to laugh, quite to himself. It was not a pleasant laugh to hear. Trendon caught and shook him by the shoulder.

"Drop it," he said.

Darrow seemed not to hear him. "Dead! All dead!" he repeated. "And

Clarksville Sales.

Clarksville, Tenn., May 7.—During the last week 204 hogheads of tobacco were sold at the salesroom of the association. The greater part of this was leaf and gold at schedule prices.

Deliveries Now Small.

There have been small deliveries this week, indicating that about all of the crop is now out of the barn. The prizes are turning out huge heads as fast as possible and it seems probable that when May has gone the prizes will have completed their work. They have had one continued season which has enabled them to keep constantly at work and therefore close earlier than usual.

Sold and Graded.

Auditor John D. Seales, of the association, reports up to April 20 a total of 5,973 hogheads had been sold on the ten markets in the dark district and 31,370 hogheads had been received and graded.

Early Season.

Reports from portions of Kentucky show that in some localities there has been a considerable amount of the weed transplanted. In most instances the farmers have not finished planting corn, which is true of this county, and now the tobacco will probably all be set before the corn crop is finished. The farmers have always felt satisfied to get their crop out in May.

American Tobacco Divided.

New York, May 7.—The American Tobacco company declared a quarterly dividend of 2 1/2 per cent and an extra dividend of 5 per cent. This is unchanged from the corresponding quarter of last year.

This woman says she was saved from an operation by Lydia E. Pinkham's Vegetable Compound.

Lena V. Henry, of Norristown, Pa., writes to Mrs. Pinkham:

"I suffered untold misery from female troubles. My doctor said an operation was the only chance I had, and I dreaded it almost as much as death."

"One day I read how other women had been cured by Lydia E. Pinkham's Vegetable Compound, and I decided to try it. Before I had taken the first bottle I was better, and now I am entirely cured."

"Every woman suffering with any female trouble should take Lydia E. Pinkham's Vegetable Compound."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

I've outlasted 'em! I've outlasted 'em! And his mirth broke forth in a strangely shocking spasm.

Trendon lifted a hand and struck him so powerfully between the shoulder blades that he all but plunged forward on his face.

"Quit it!" he ordered again. "Get hold of yourself."

Darrow turned and gripped him. The surgeon winced with the pain of the grasp. "I can't," gasped the man, between paroxysms. "I've been living in hell—a black, shaking, shivering hell, for God knows how long! What do you know? Have you ever been buried alive?" And again the agony of laughter shook him.

"This, then," muttered the doctor, and the hypodermic needle shot home. During the return Darrow lay like a log in the bottom of the gig. The opiate had done its work. Consciousness was mercifully dead within him.

Home of Mrs. Cora B. Miller, Kokomo, Ind.

In the past few years Mrs. Cora B. Miller has spent \$125,000 in giving medical treatment to afflicted women.

Sometime ago we announced in the columns of this paper that she would send free treatment to every woman who suffered from female diseases or piles.

More than a million women have accepted this generous offer, and as Mrs. Miller is still receiving requests from thousands of women from all parts of the world, who have not yet used the remedy, she has decided to continue the offer for awhile longer, at least.

This is the simple, mild and harmless preparation that has cured so many women in the privacy of their own homes after doctors and other remedies failed.

It is especially prepared for the speedy and permanent cure of leucorrhoea, or whitish discharges, ulceration, displacement or falling of the womb, profuse, scanty or painful periods, uterine or ovarian tumors or growths; also pains in the head, back and bowels, bearing-down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness and piles from any cause, or no matter of how long standing.

Every woman sufferer, unable to find relief, who will write Mrs. Miller now, without delay, will receive by mail free of charge, a 50-cent box of this simple home remedy, also a book with explanatory illustrations showing why women suffer and how they can easily cure themselves at home without the aid of a physician.

Don't suffer another day, but write at once to Mrs. Cora B. Miller, 5651 Miller Building, Kokomo, Indiana.

ST. PAUL CARRIED BY DEMES.  
Daniel W. Lawler Elected Mayor by a Large Majority.

St. Paul, May 7.—Daniel W. Lawler, Democrat, was elected mayor of St. Paul today over Joseph McKibbin, Republican, in one of the hottest political campaigns in the history of the city. Lawler's majority is estimated at from 4,000 to 5,000.

The fight was made on the grounds of law enforcement, Lawler being the administration candidate. Incidentally, the result again shows the master hand of Dick O'Connor, political boss of St. Paul, and chief booster in Governor Johnson's presidential campaign.

The election called out the largest vote ever registered in St. Paul. McKibbin had the backing of the Law Enforcement League and the churches of the city. There was considerable excitement during the day, arising from charges and cross-charges of fraudulent voting. Hugh Halbert, McKibbin's campaign manager, had two city detectives arrested for refusing to arrest alleged "ringers." Halbert was in turn arrested on a charge of using indecent language in referring to the officers.

LEVY'S SPRING  
CLEARANCE SALE.  
Draws to a Triumphant Close—Only Three More Days—Skirt Special Tomorrow.

Despite the inclemency of the weather, the big spring clearance sale at Levy's is drawing its full quota of interested buyers. Every day this week has seen the store crowded with ladies from Paducah and surrounding towns, and Mr. Levy expresses himself as delighted with the response brought forth by the sale. And if a mere man might judge, the store is still teeming with pretty things, and to spare, for every lady in town who loves dainty garments. Mr. Levy says the value skirt special which is to be featured tomorrow is one of the best he has ever had the pleasure of offering the public; it is easily a \$7.50 value, though the special price is only \$5.75. A detailed description of this beautiful skirt is printed elsewhere in this edition.

## Final Meeting of Matinee Musical Club a Delightful Event.

The Matinee Musical club held its last program meeting for the season yesterday afternoon at the Woman's club house. It was a fitting finale to a season of musical afternoons, each characterized by delightful "Sonatas and Symphonies" were featured in the attractive program given under the direction of Mrs. Victor Voris and Mrs. John W. Little. Mrs. Voris' charming paper discussing "The Sonata and Symphony" delightfully prefaced the program. The piano numbers included beautifully executed selections by Miss Katherine Donovan, Miss Isabel Mohan, Miss Lela Reed and Miss Mamie O'Brien and Mrs. George B. Hart. The violin and piano numbers were skillfully played by Mrs. Eugene Robinson and Prof. William Deal; Mrs. William C. Clark and Miss Mayme Dryfus; Professor and Mrs. William Deal. An effective introduction to Beethoven's "Moonlight Sonata," artistically played by Mrs. George B. Hart, was the account of its inspiration by the musician's visit to a little blind girl, sympathetically told by Mrs. Victor Voris.

At the business meeting of the club, several important matters were considered. It was decided to join the National Federation of Woman's clubs and the National Musical association. Mrs. Hubbard S. Wells and Mrs. George B. Hart were elected delegates to attend the biennial of the National Federation in Boston on June 22. Mrs. Wells and Mrs. Hart will be the guests of Mrs. Hubbard Blanchard while there. Mrs. Blanchard, who is pleasantly known in Paducah, is now traveling in Europe with her husband and Mr. and Mrs. Leon Vincent, of Boston. Mr. Vincent is the talented lecturer and author. The party will return about June 20.

The delegates who will represent the Matinee Musical club at the State Federation of Woman's clubs to be held on June 2-5, are Mrs. Hal S. Corbett and Mrs. James Weller; alternates, Mrs. Victor Voris and Mrs. Lela Wade Lewis. The recital and reception to be given by the Matinee Musical club for the state federation will take place the evening of June 2 and will be a delightful social event. It was announced that the Verdi Quartet from Chicago would appear here under auspices of the club on May 25. If suitable the concert will be at Wallace park.

The following were named by the president as a committee to get out the year book for the next season: Mrs. George B. Hart, Mrs. David M. Flournoy, Mrs. James Weller, Miss Virginia Newell, Miss Courtie Puryear.

## Important Meeting of Alumni on Friday Afternoon.

The Alumni Association will meet tomorrow afternoon at 2 o'clock at the High school auditorium. It will be the last regular meeting for the year and one of more than usual importance. The work of the year will be discussed. Delegates to the State Federation of Woman's clubs to meet here in June will be elected. Plans for the Alumni reception for the class of 1908 will be arranged. The reception this year will be held at the Woman's club house. The program for the afternoon is under the direction of the Current Events committee. The paper will be presented by Miss Ora V. Leigh and the musical numbers will be featured by Miss Letha Puryear and Mrs. Lela Wade Lewis.

## Woman's Club Meets This Afternoon.

The Woman's club is meeting in regular session this afternoon at the club building. An attractive open meeting under the auspices of the Art department of the club will follow the business session.

## List for Leap Year Dance

The list for the leap year dance to be given by the girls of the younger set in compliment to visitors in the city, on Friday evening at the "Three Links" building, is on at D. E. Wilson's book store.

Mr. H. H. Loving returned last night from Dyersburg, Tenn., where he has been on a business trip.

Mrs. J. S. Thomas and Mrs. Laura Williams left last night for Trenton, Tenn., after a visit to Mrs. W. L. Wilkerson, 326 North Fourth street. Mrs. Thomas will meet Mrs. Wilkerson in Memphis in two weeks and they will go to Chickasha, Okla., on a visit to relatives.

Capt. J. E. Mason left last night for Saline county, Illinois, on a visit to friends and relatives.

Commonwealth's Attorney John G. Lovett returned to Benton this morning after attending court two days.

Mr. J. T. McNichols and Mrs. J. B. Bartee received a telegram this morning, informing them of the serious illness of their brother, Mr. Charles McNichols, at Linton. Mr. McNichols and Mrs. Bartee left this morning to be at his bedside.

Mr. Ed Best, of Lenoir, is seriously

rived home Wednesday morning from Oakland, California, where they have resided for the past two weeks. Mr. and Mrs. Crow returned on account of the illness of Mrs. Crow's mother, Mrs. Charles R. Broadfoot, of South Fourth street, who has been quite ill for the past few weeks.

Mr. and Mrs. Max B. Nahn, of Bowling Green, and Miss Anita Keller, who is a student at Monticello college, Godfrey, Ill., have arrived to attend the funeral and burial of Mrs. Joseph L. Friedman.

Mrs. Charles Baker, and her sister, Mrs. Ann Walker, of Savannah, Tenn., have gone to Dawson Springs to spend several days.

## NEWS OF COURTS

## In Circuit Court.

But little business was transacted in the circuit court today, the cases that were held over yesterday being reset for later days in the term.

The only case on the docket, that of Annie Marberry against the Paducah Traction company for \$500 damages, was dismissed, a demurrer filed by the defendant's attorneys being sustained.

M. V. Cherry, Henry Shelton and B. F. Davis were excused from further jury service and C. W. Morrison, M. M. Carneal and Nathan Kahn were substituted.

The usual divorce for the day was granted to Hattie E. Walbert from Robert Walbert.

Demurrers to the petitions of the city of Paducah against James Jewell and Lee Robertson were overruled. In the Robertson case a copy of the record was filed, showing that the appeal of Lee Robertson from the decision of the police court, fining him \$50 for selling liquor to a minor, had been dismissed, when it reached the circuit court on motion of the commonwealth's attorney. It is claimed that as no final conviction was secured he could not be held liable on the bond. The dismissal was secured by compromise, Robertson paying other fines assessed against him, and this being dismissed.

A verdict for \$50 damages was returned by the jury in the suit of Elmer Faith against the Paducah Traction company for \$2,000 damages, alleged to have been sustained when a wagon in which he was riding collided with a street car at Third and Washington streets November 16. Faith sued for \$2,000 for personal injuries and \$100 for the value of a horse that was killed and the jury gave him \$50 for the horse and nothing for personal injuries. A. C. Faith and Jesse Barrett, who sued for \$250 each, compromised their cases for \$25 each. R. L. Jessup, who was injured in the same accident, was given a verdict for \$100. He sued for \$5,000. The traction company's defense to the case was that the accident was caused by the plaintiff's negligence.

Gip Husbands was given a judgment for \$400 against Owen Wallace, and property at Eleventh and Jackson streets was ordered sold to satisfy the debt.

A motion for a new trial was made by the defendant in the suit of the city against J. L. Jones.

## Suits Filed.

M. M. Carneal filed suit in circuit court yesterday against Oltman Bros., of Watseka, Ill., for \$2,000 damages, alleged to have been sustained by the false representations of the plaintiffs in regard to a German coach stallion, which plaintiffs purchased. Carneal claims that the horse is worthless and was sold yesterday under an attachment to satisfy the original debt and brought only \$150.

## In Police Court.

The docket in the police court this morning was: Drunk—Frank Crane, \$1 and costs. Breach of peace—Jennie Salsberry and Joe Keary, both colored, Keary fined \$15 and costs and Jennie Salsberry dismissed; Smith Bond and Will Hurt, both colored, \$5 and costs each. Grand larceny—"Sticks" McCormick, continued until May 8. Breach of peace—Ben Boyd, colored, \$5 and costs.

## Deeds Filed.

W. R. Jones, etc., to W. L. Sheppard, property on Benton road, \$1,500.

R. E. Torian to West End Improvement company, property on Broadway, \$150.

Elbridge Guthrie to Mollie Guthrie, property at Thirteenth and Harrison streets, \$3,000.

W. A. Gardner to Rose Bradley, property on Terrell street, \$1 and other considerations.

Maggie C. Horton to Charles Schrader, land in the county, \$600.

There will be a general parade at Pittsburgh of all river craft ordered soon in celebration of the formal opening of all dams on the Ohio river between Pittsburgh and Merrill, Pa. These new dams have cost in the aggregate \$12,000,000, and the government engineers are now testing wickets at them all in preparation for a general and simultaneous raising of all wickets some time within the next three weeks.

## Resignation.

Fam content, now he is gone. To wait a while, and then go on. I am content to linger here.

And drop sometimes a rose or tear Upon his green, uplifted sod. And take the blows, tho' oft the rod Be laid on me, 'tis penance sent For cause nighap—I am content.

## Hot Stove—Cool Kitchen

How do you expect to endure the broiling days of summer if you prepare all the food over a glowing coal fire?

You need a "New Perfection" Oil Stove that will do the cooking without cooking the cook. It concentrates plenty of heat under the pot and diffuses little or none through the room. Therefore, when working with the

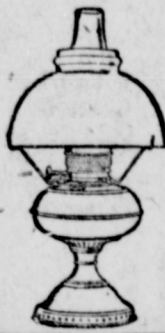

NEW PERFECTION  
Wick Blue Flame Oil Cook-Stove

the kitchen actually seems as comfortable as you could wish it to be.

This, in itself, is wonderful, but, more than that, the "New Perfection" Oil Stove does perfectly everything that any stove can do. It is an ideal all-round cook-stove. Made in three sizes, and fully warranted. If not with your dealer, write our nearest agency.

WATER POWER  
DEVELOPMENT

Nearly 3,000,000 Horse Power  
From Appalachians.

This Is Harvested in Rivers Which  
Have Their Head Waters in  
Watershed.

SMALL PORTION IS UTILIZED.

Washington, May 7.—The greatest development of water power that has ever taken place in the United States has been accomplished during the last few years on the rivers which drain the southern Appalachian mountains, according to an official report on the water resources of this region. It is estimated that there is at least 2,800,000 indicated horse-power developed by the streams which have their headwaters on this water shed and more than half of this indicated power is available for economic development.

Only a comparatively small part of this has been made use of, but the portion that has been utilized has been one of the most important factors in the recent industrial development of the south.

One great difficulty encountered by the users of water power is the fact that it cannot be depended upon the year round, but must be supplemented for a time each summer by costly fuel power, the streams running too low to be of service.

As the years go on the low water periods are growing longer. This is because the forests at the headwaters of the streams are being cut off, it is claimed, with the result that the melting winter snows and the spring rains pour off the denuded and hardened land in devastating floods, sending down for a few weeks far more water than they can use and moreover, reducing the capacity and usefulness of their mill ponds by filling them with hundreds of tons of sand and soil which the floods scour off the unprotected upper slopes.

If indiscriminate cutting of the forests on the crests of the watershed can be stopped, there is a possibility, according to a recent report of experts, of increasing the development of power up to anywhere from three to thirty times the 1,400,000 horse-power at present available.

The methods proposed to develop the Appalachian river resources to the total of 42,000,000 horse-power is by storage reservoirs which would catch the surplus waters of the spring and retain them until summer months.

The president is anxious that nothing in the organization shall be calculated to assist in any such movement. In a talk tonight Chairman New said that positively nothing had been done as yet with respect to the selection of a temporary chairman of the convention and that all statements on the subject heretofore made have been pure guesswork. The national chairman undoubtedly is in a peculiar situation as to this matter because of the candidacy of Senator Beveridge for the position of temporary presiding officer. That Senator Doolittle of Iowa ultimately will be named for temporary chairman is declared to be an assured fact by those interested, as the executive committee is expected to fulfill the wishes of the various candidates for president in the matter. It is regarded as equally certain that Senator Lodge of Massachusetts will be made permanent chairman.

Regarding reports of an invitation to the members of the Washington diplomatic corps to attend the Chicago convention, it was stated tonight that neither the national committee nor any member thereof has extended or authorized such an invitation. John Barrett of the bureau of American republics is said to have conceived the idea, but he has no authority to act in the matter of giving tickets. If any accredited representative of a foreign government desires to witness the proceedings, he of course will be provided with a ticket.

when the mills now have to fall back on fuel or close down.

The United States geological survey who made the investigation, after in the Appalachians for a number of years, and recently made a careful study of the possibilities of storage reservoirs in that region. The forest service has just published its report under the title, "The Relations of the Southern Appalachian Mountains to the Development of Water Power."

The experts of the geological survey who made the investigation, after picking out reservoir sites and estimating their capacity and the area from which they would receive the run-off, consider the figures given above extremely conservative. Even with only 1,400,000 horse-power, the annual return at \$20 per horse-power per year would amount to \$28,000,000, equal to a gross income of 3 per cent, on a capital of about \$933,000,000.

## PRESIDENT

CONSULTED BY HARRY NEW, NATIONAL CHAIRMAN.

Will Have Something to Say About  
Details of National Republican  
Convention.

Washington, May 7.—Chairman Harry S. New of the Republican national committee arrived here to confer with Secretary Dyer and others regarding the preliminaries of the national convention. The national committee headquarters will be removed from Washington the latter part of this week, and established at the Coliseum, Chicago, Monday, May 11. The subcommittee on arrangements for the coming convention will meet in Chicago, May 15.

Mr. New will have a conference with President Roosevelt and it is probable that the President will express some views regarding the convention organization. It is not the president's purpose to dictate as to matters pertaining to organization, but he has a legitimate personal interest therein, because of the talk regarding the possibility of starting a stamped for his nomination for another term.

The president is anxious that nothing in the organization shall be calculated to assist in any such movement. In a talk tonight Chairman New said that positively nothing had been done as yet with respect to the selection of a temporary chairman of the convention and that all statements on the subject heretofore made have been pure guesswork. The national chairman undoubtedly is in a peculiar situation as to this matter because of the candidacy of Senator Beveridge for the position of temporary presiding officer. It is regarded as equally certain that Senator Lodge of Massachusetts will be made permanent chairman.

Regarding reports of an invitation to the members of the Washington diplomatic corps to attend the Chicago convention, it was stated tonight that neither the national committee nor any member thereof has extended or authorized such an invitation. John Barrett of the bureau of American republics is said to have conceived the idea, but he has no authority to act in the matter of giving tickets. ## WHITE SLAVE LAW

WILL GIVE EFFECTIVE AID TO  
EFFORTS OF REFORMERS.

Illinois House Passes a Stringent  
Measure to Stop Traffic in  
Human Souls.

Springfield, Ill., May 7.—A bill aimed to destroy the "white slave" evil was passed by the house and sent over to the senate for concurrence in an amendment that rewrites the whole measure as originally passed by the upper branch. It carries an emergency clause, and it will go into immediate effect if the change is accepted by the senators and the governor attaches his signature.

The bill is short, consisting of only three sections. It provides that any person who prevails on a woman to enter an immoral house as an inmate shall be punished for the first offense by a fine of \$1,000 or imprisonment in the county jail for a period of six months to one year, or both, and if the second offense, by imprisonment in the penitentiary for a period of not less than one year nor more than five years. The bill further provides that any woman who has been encouraged to enter an immoral house shall be a competent witness in any prosecution under this act, and it specifically provides that "the act or state of marriage shall not be a defense to violation of this act."

The vote on the bill was 102 to 9, just enough to pass it with the emergency clause.

**STRICKEN OUT.**

No Buildings For American Ambassadors in Europe.

Washington, May 7.—The policy sought to be established by the government of providing and equipping buildings for its ambassadors in European capitals received a setback today in the senate where the diplomatic bill was under consideration. Through a point of order by Mr. Culbertson, of Texas, an amendment to the house bill appropriating \$400,000 for such a building at Paris was stricken out. Mr. Culbertson based his objection mainly on the fact that the subject had not been properly considered. The amendment was placed in the bill by the committee on appropriations at the solicitation of the committee on foreign relations and the secretary of state, and was the object of considerable discussion. A number of senators voiced the opinion that such a policy had been inaugurated at this time as not only comports with the dignity of the office of American ambassador, but as creating a fixed habitation for such representatives, where a practically uniform standard of living might be maintained.

The number of families in France is estimated at 11,315,000, of which 1,984,720 have no children.

## CENSUS BUREAU'S SCALE OF WAGES

South Behind. Because Lack of Development.

How Women and Children Figure Industrially and Their Place in System.

WEST LEADS OTHER SECTIONS.

(Washington Bureau, United Press.) Washington, D. C., May 7.—When Horace Greeley said "Go west, young man," he probably did not have at his disposal the statistics to prove the soundness of his advice. The frontier west has disappeared, and a new west has been born, nevertheless it would appear that it holds out greater inducements to the wage-earner of today than any other section of the United States.

The western man or woman who is employed in a manufacturing establishment receives a "much" greater compensation than his fellow workmen elsewhere, according to a statement issued today by the census bureau. The average per week throughout the west is \$13.65 as against \$10.62 in the central north states; \$10.11 in the north Atlantic; \$8.33 in the south central, and \$7.31 in the south Atlantic.

Ten dollars is the average weekly wage throughout the country. Some trades average double this amount—diamond cutters earn \$21.68 per week—and, on the other hand, the ignorant, illiterate workers in the turpentine industry, those who gather the crude gum, receive only an average of \$5.23 a week. Workers in the cottonseed oil and cake industry receive on an average only \$6.64 a week.

Both of these last two classes are largely employed in the south, and their poor compensation emphasizes the fact that the southern workman receives less than his brother craftsman anywhere else in the country. The census bureau explains the low average in a measure by directing attention to the comparatively recent development of the factory system and the large proportion of women and children and negroes employed.

The Statistics. In all statistics which the bureau has compiled, including 123,703 establishments and 3,297,819 wage-earners, it is shown that women earn far less than men. In the cotton mills female operatives make \$6.03 a week; in shoe factories they earn \$7.90. As evidence of the extent to which women earn their own livelihood, out of three million odd employees, 588,599, or 17.9 per cent, were of the gentler sex. However, women drew only 71 per cent of the total wage list, or \$3,623,481, as against \$29,240,287 earned by the men.

Statistics of child labor are startling. Out of the total of employees, 90,167, or 2.7 per cent were children, receiving \$312,023 per week. Thus the average child worker received only \$3.46 a week, as contrasted with the man's average earnings of \$11.16 and the woman's of \$6.17. In cotton

**BOTANIC BLOOD BALM**  
The Remedy which Cures Catarrh by Killing the Catarrhal Poison and Purifying the Blood. LARGE SAMPLE FREE.

You must not neglect discharges of NAUSEATING YELLOW MATTER from the Ear, Nose and Throat. CATARRH IS NOT ONLY DANGEROUS in this way, but it causes ulcerations, death and decay of bones, kills ambition, often causes loss of appetite, and reaches to general debility, idiocy and insanity. It needs attention at once. Cure it by taking Botanic Blood Balm (B. B. B.). It is a quick, radical, permanent cure because it rids the system of the poison germs that cause catarrh. At the same time Botanic Blood Balm (B. B. B.) purifies the blood, does away with every symptom of catarrh. B. B. B. sends a tingling flood of warm, rich, pure blood direct to the paralyzed nerves and parts affected by catarrhal poison, giving warmth and strength just where it is needed, and in this way making a perfect, lasting cure of catarrh in all its forms.

When we say that B. B. B. cures we mean a real cure and this we guarantee. B. B. B. has cured thousands of catarrh cases—even the most deep-seated kind—after every other treatment had failed. B. B. B. does this because it reaches the cause of all the trouble; namely Poisoned and Diseased Blood. Just try B. B. B. for Catarrh and you will get well surely and quickly.

Botanic Blood Balm (B. B. B.) is pleasant and safe to take; composed of pure Botanic ingredients. SAMPLE FREE by writing Blood Balm Co., Atlanta, Ga. SOLD BY DRUGGISTS, or sent by express. At \$1 PER LARGE BOTTLE, with complete directions for home cure.

Sold in Paducah, Ky., by R. W. Walker & Co., W. J. Gilbert, Lang Walker, Alvey & List.

mills, children earn only \$3.21 per week, on an average; in tobacco factories the earnings were still lower, the average being only \$3 a week; while in pickle factories the average was only \$1.84 a week.

In connection with the cotton industry, the census office makes an interesting comparison of the earnings in the north and those in the south. By confining the comparison to establishments engaged in the manufacture of print cloths, it eliminates to a considerable extent the differences between the character of the industry in the two sections, and thus presents a fair basis to measure differences in earnings. This comparison shows that the average earnings of men were in New England, \$8.52; in the south, \$5.14. For women, the average was in New England, \$7.23; in the south, \$3.77; while for children the average in New England was \$4.45, and in the south, \$2.75.

For all classes of cotton operatives the average weekly earnings in the north were \$7.62 as contrasted with \$4.16 in the south.

One of the most striking conclusions inferred from the census report on this subject is that the figures indicate that the differences in average earnings between large and small establishments are slight. In those employing less than 10 wage-earners, the average wage was \$9.83, while those employing 500 wage-earners or more, it was \$10.24.

**H. H. ROGERS**  
ANSWERS SUIT IN UTAH COURT AT SALT LAKE CITY

Denies That He Ever Entered Into Combination in Restraint of Trade With Anyone.

Salt Lake City, Utah, May 7.—H. H. Rogers and James Stillman, named as defendants with the Harriman and other railroads in the so-called merger suit of the federal court here today. They, with E. H. Harriman, Jacob Schiff and others, and the Union Pacific, Atchison, Topeka and Santa Fe, Southern Pacific and other railroads, are charged with unlawful conspiracy in attempting to gain control of other railroads and restrain and control commerce between the states. Mr. Rogers makes a sweeping denial of every allegation, and demands that the case against him be dismissed because he is not a resident of the district, and therefore not within the jurisdiction of the court. He also asks that he be granted costs and damages for injury to his character by reason of the allegations made against him.

He denies that he is or ever was a member of any body of men who attempted to gain control and restrain commerce and traffic between the states, or that he ever bought into any railroad to gain control. He admits that he bought heavily into the Atchison, Topeka and Santa Fe, but says that he did so purely as an investment even though the purchase was heavy enough in some cases to absorb half stock, and there was not the slightest intent to conspire or gain control to an unlawful end.

Similar admissions and denials are made concerning the purchases of Union Pacific stock through Kuhn, Loeb & Co., and the Oregon Short Line.

James Sullivan, whose answer was filed today, follows the lines laid down by Mr. Rogers, admitting investments of money, but denying a monopolistic or other unlawful purpose. Mr. Stillman became a director of Union Pacific December 6, 1907.

## AFTER 24 YEARS

MODEL PRISONER  
RECEIVES PARDON

After serving 24 years in the penitentiary on a life term for the murder of Bill Owens, J. Bine Tidwell has been paroled from the Eddyville penitentiary by the board of prison commissioners. Tidwell was sent from Paducah for the murder of Owens, which occurred near Clark's river. Both were engaged in the timber business, and they quarreled and Owens was killed.

Tidwell was taken to Frankfort to the penitentiary but when the bench prison was built at Eddyville, he was moved there. He was one of the oldest prisoners, and during his entire 24 years of confinement there has not been one mark registered against his record. Tidwell's sight is failing him and he cannot see out of but one eye. When Sheriff John Ogilvie took the prisoners to the penitentiary last week he talked to Tidwell, and signed the paper requesting the commissioners to parole him. Tidwell was a barber in the prison, and clipped the prisoners sent from this county last week. Tidwell has been a model prisoner in every way, and has carried several razors on his person constantly. It is

## Charge of Felony.

Sheriff T. F. Kelly, of Hawesville, left this morning with Charles Bruner, of Paducah, who is wanted at Hawesville for seduction. The sheriff stated that feeling was high against Bruner and he would not take him there direct. Bruner is charged with seducing the 15-year-old sister of his wife, who came to his home to wait on Mrs. Bruner while she was ill. A felony charge will be preferred against the prisoner.

SHERIFF EXPECTS  
TO RECOVER BODIES

obliged to call on the police to keep the people back so far as not to interfere with the work.

One of the bodies in the second charnel pit is believed to be that of a woman. The other two and that were found earlier, are probably those of men. Of the nine cadaverous forms, seven, therefore are those of males.

The best clue yet found came to light immediately following the discovery of the last three bodies. John A. Walker, a liveryman, and Leo Wade, his employee, told of having carted heavy trunks to the Guinness farm in the summer and autumn of 1906. Clyde Sturgis, employed by Foster & DeGarmo, another livery concern, remembered that he took two similar trunks to the place a year ago. In addition several heavy boxes were carted to the house at different times.

"Mrs. Guinness wouldn't let us into the house with one of the trunks," said Wade, "we put it on the porch before the front door. The other, at her orders, was carried in after dark. There was no light in the house, and she didn't strike one when we entered with the trunk. She led us through two dark rooms into a third and opened another door. But I told Walker I had had enough and we dropped the trunk in the third room and left."

Sturgis said the trunks he took to the farm were heavy and strongly corded.

"Mrs. Guinness told me to carry them in the cellarway. I started to unhook them for her, but she told me to leave them alone and mind my own business, so I got out."

If these trunks contained dismembered corpses, the disposal of the bodies at the farm would have been comparatively simple. Joseph Max, one of the woman's employees, Roy Lamphere, the prisoner in the case, and Fred Brickman, a neighbor, have told of digging trenches in the barnyard at Mrs. Guinness' direc-

tions.

The authorities are not convinced that Mrs. Guinness was unaided in the horrifying work and their suspicions point to Lamphere. They point to several admissions by him and other incidents in support of their suspicions.

The motive for the wholesale murders is not fully established. Circumstances surrounding the disappearance of Helgelein and Ole Budsborg, of Iowa, Wis., are, however, startlingly enough similar to give a son, one of the woman's employees, Roy Lamphere, the prisoner in the case, and Fred Brickman, a neighbor, have told of digging trenches in the barnyard at Mrs. Guinness' direc-

Helgelein had secured \$3,000 through the First National bank here shortly before he was lost track of.

Budsborg negotiated the sale of a mortgage through the La Porte Savings bank which yielded him \$1,000. He drew this money April 6, 1907. No record of his further appearance in the flesh has been found. When last October, Wright Buch, assistant cashier of the La Porte Savings bank, called at the Guinness farm to secure information regarding Budsborg, he was told by Mrs. Guinness that the Wisconsin farmer had found land prices higher than he had anticipated and had left here for Chicago, with the intention of accompanying a real estate agent to Oregon.

Dr. Meyer, who examined the bodies, said that his firm conviction is that all had been cut up by the

same person. In each case the legs had been severed at practically the same point above the knee, the heads cut away in almost a similar fashion and the wrappings which clung to the several corpses were of the same material—heavy gunny sacks.

Digging for more bodies will be resumed tomorrow.

## Will Exhume Body.

Chicago, May 7.—The coroner declared today he would exhume the body of Max Sorenson, the first husband of Mrs. Belle Guinness, to see if foul play caused his death.

## No Clue in Chicago.

Chicago, May 7.—An investigation

by Chicago police, prompted by reports that trunks had been shipped from there to the Guinness farm at La Porte had failed, up to a late hour, to develop any evidence that Mrs. Guinness had committed any crimes here. The record of the death of the woman's first husband, P. A. Sorenson, obtained from the records of the town of Austin, indicate the cause of his death to have been cerebral hemorrhage.

## Helgelein's Record.

Red Wing, Minn., May 7.—It is stated that in 1884 Andrew Helgelein, whose dismembered body is believed to have been found on the Guinness farm near La Porte, Ind.,

was arrested on the charge of robbing the postoffice and village store at Norway, Minn., and then burning the building to hide his crime. He was convicted and sentenced to ten years in the prison. After serving the sentence he went to South Dakota.

## Fire at Houston.

Houston, Tex., May 7.—Fire in the Shaw building caused \$50,000 loss. It is believed a woman and two girls were incinerated. Search is now being made. The Houston hotel occupied the second floors. Guests had narrow escapes. Otis Williams jumped from the third floor and landed on an awning.

Clyde Sturgis, employed by Foster & DeGarmo, another livery concern, remembered that he took two similar trunks to the place a year ago. In addition several heavy boxes were carted to the house at different times.

"Mrs. Guinness wouldn't let us into the house with one of the trunks," said Wade, "we put it on the porch before the front door. The other, at her orders, was carried in after dark. There was no light in the house, and she didn't strike one when we entered with the trunk. She led us through two dark rooms into a third and opened another door. But I told Walker I had had enough and we dropped the trunk in the third room and left."

Sturgis said the trunks he took to the farm were heavy and strongly corded.

"Mrs. Guinness told me to carry them in the cellarway. I started to unhook them for her, but she told me to leave them alone and mind my own business, so I got out."

If these trunks contained dismembered corpses, the disposal of the bodies at the farm would have been comparatively simple. Joseph Maxson, one of the woman's employees, Roy Lamphere, the prisoner in the case, and Fred Brickman, a neighbor, have told of digging trenches in the barnyard at Mrs. Guinness' direc-

tions.

The authorities are not convinced that Mrs. Guinness was unaided in the horrifying work and their suspicions point to Lamphere. They point to several admissions by him and other incidents in support of their suspicions.

The motive for the wholesale murders is not fully established. Circumstances surrounding the disappearance of Helgelein and Ole Budsburg, of Iowa, Wis., are, however, startlingly enough similar to give a clue as to the object of the person or persons who committed the crime.

Helgelein had secured \$3,000 through the First National bank here shortly before he was lost track of.

Budsburg negotiated the sale of a mortgage through the La Porte Savings bank which yielded him \$1,000. He drew this money April 6, 1907. No record of his further appearance in the flesh has been found. When last October, Wright Buch, assistant cashier of the La Porte Savings bank, called at the Guinness farm to secure information regarding Budsburg, he was told by Mrs. Guinness that the Wisconsin farmer had found land prices higher than he had anticipated and had left here for Chicago, with the intention of accompanying a real estate agent to Oregon.

Dr. Meyer, who examined the bodies, said that his firm conviction is that all had been cut up by the

same person. In each case the legs had been severed at practically the same point above the knee, the heads cut away in almost a similar fashion and the wrappings which clung to the several corpses were of the same material—heavy gunny sacks.

Digging for more bodies will be resumed tomorrow.

#### Will Exhume Body.

Chicago, May 7.—The coroner declared today he would exhume the body of Max Sorenson, the first husband of Mrs. Belle Guinness, to see if foul play caused his death.

#### No Clue in Chicago.

Chicago, May 7.—An investigation

by Chicago police, prompted by reports that trunks had been shipped from there to the Guinness farm at La Porte had failed, up to a late hour, to develop any evidence that Mrs. Guinness had committed any crimes here. The record of the death of the woman's first husband, P. A. Sorenson, obtained from the records of the town of Austin, indicate the cause of his death to have been cerebral hemorrhage.

#### Helgelein's Record.

Red Wing, Minn., May 7.—It is stated that in 1884 Andrew Helgelein, whose dismembered body is believed to have been found on the Guinness farm near La Porte, Ind.,

was arrested on the charge of robbing the postoffice and village store at Norway, Minn., and then burning the building to hide his crime. He was convicted and sentenced to ten years in the prison. After serving the sentence he went to South Dakota.

#### Fire at Houston.

Houston, Tex., May 7.—Fire in the Shaw building caused \$50,000 loss. It is believed a woman and two girls were incinerated. Search is now being made. The Houston hotel occupied the second floors. Guests had narrow escapes. Otis Williams jumped from the third floor and landed on an awning.
